Subject: RE: bolt plug sketch

Mike... Today you will be receiving a fax with a picture of a Tikka rifle from the April edition of Guns Magazine. Note the styling of the bolt plug and the contour of the reward section of the receiver. Can something like this be achieved with the 710 design?

Please resend the fax drawing of the bolt plug to 336-548-7739

John/Jay,
I faxed (#336 548 8742) a drawing of a proposed bolt plug, please review and respond. If it appears OK, I will have samples made. Thanks
