**Subject:** RE: SPL action log

I think we should add these items to the SPL action log:

- 1.) Identify 2nd and 3rd shift Blohm Grinder operators
- 2.) Identify 2nd shift VMC operator

I think it is important to add these because they have been posted and there were no successful bidders. These jobs will go to the street which will take time because the employees will need to pass the entrance test as well as the analytical exam to be placed on this equipment. Roberta is going to work on getting me another Grind operator ASAP. This will fill 2/3 of my manpower requirements for the VMC and the Blohm Grinder.

Thanks.

**Subject:** SPL action log

Due to the short notice on the meeting and the installation of the new SPL machines I just updated the action log. I will have extra copies.
