Dear Greg, Thank you for your inquiry. You can read the complete instructions for the ISS system in the owner's manual in the Reading Room section of our website. The Model 710 is equipped with an integrated security system which is new to this product. This security system enables the owner to secure the bolt assembly on the firearm in the action open position with the use of a special key.

THIS SECURITY SYSTEM DOES NOT ELIMINATE THE NEED FOR SAFE GUN HANDLING AND STORAGE, INCLUDING KEEPING THIS AND EVERY GUN UNLOADED AND LOCKED IN A SECURE PLACE WHEN NOT IN USE. READ AND FOLLOW THESE AND OTHER SAFETY RULES IN THIS INSTRUCTION BOOK. FAILURE TO READ, UNDERSTAND AND OBEY THESE RULES CAN RESULT IN SERIOUS PERSONAL INJURY OR DEATH. SEE THE TEN COMMANDMENTS OF FIREARM SAFETY

The security system provided with this firearm will not allow the bolt to be closed when the security system is engaged. The existence of the security system does not change the function of the firearm's safety mechanism.
