Dear Bob:

I appreciate your time yesterday on the phone to discuss the Remington Safety Modification Program for pre-1982 Remington firearms. Recognizing the concerns of our industry in today's political climate, it is critical that a retraction run in the next issue to clarify that this program is not a recall, but in fact, a voluntary program that Remington has offered consumers for years. The only change is that we have formalized the program now and are alerting consumers to this program via an advertising campaign and safety initiative center on our web site.

Enclosed is a copy of the press release which clearly explains the modification program. If you have any questions regarding this information or any other Remington-related issues, please do not hesitate to give me a call.

Best regards,
REMINGTON ARMS COMPANY, INC.
