Dear Mr. Boyd:

Thank you for your inquiry. Remington considers all Remington firearms, including the Model 700 safe to us so long as you adhere to the "10 Commandments of Firearms Safety", keep it properly maintained and do not make inappropriate alterations. If you have any concerns regarding the safe functioning of your firearm we would be more than happy to help you get the firearm a safety check-up by a Remington Authorized Repair Center or our factory gunsmiths.

You can locate your nearest repair center by visiting the Repair Information Center in our Support Section and selecting your model and state:

Dear Remington,

I own a Remington Model 700 30-06 Spring Field Rifle. After watching the CBS News report on the accidental discharge of the rifle I am concerned and afraid to use this firearm in the future. Will there be a recall on this firearm or what can I do to ensure not to encounter the same defect in the safety mechanism.

Thank you,

Rick Boyd
