Dear Mr. Collart,
Thank you for your inquiry. You can find detailed information regarding the Model 600 and an important safety notice through the Safety 1st section of our website or through the link below:

http://www.remington.com/Safety_Modification_Program/600_660.htm

The safe use and performance of your firearm depends on correct assembly and routine maintenance, as well as adherence to the "10 Commandments of Firearm Safety." <http://www.remington.com/support/10comm.htm> It is critical that you familiarize yourself with the information in both the owners manual and safety booklet. Whether you are a veteran shooter with a collection of Remington firearms, or a first time shooter, take the time to review this important literature and be certain that you are practicing firearm safety!

If you need a replacement copy of your Remington owners manual, or safety booklet, you can download or request a copy from the Support section of our web-site.

I have boltaction gun Model 600. I have just heard on TV that that there is a recall on the safety. Where do I take it for repairs?
Thank you for any information that you send.
