Dear Mr. Brigandi,
If you would like to take advantage of the Bolt Lock Safety Modification,
please follow the instructions listed on the Safety section of our
website. You can also access this information through the link below:

http://www.remington.com/Safety_Modification_Program/remington_safety.htm

I read an article about a safety modification program for this firearm.
What is the procedure to fix this gun so I can load/unload the gun with
the safety on.

Its currently very dangerous this way and I always felt uneasy with it.
thank you,

Robert Brigandi
