Dear Mr. Myers,

Thank you for your inquiry. Yes, a Remington Authorized Repair Center can perform the Safety Modification on your Model 700 rifle.

You can locate your nearest repair center by visiting the Repair Information Center in our Support Section and selecting your model and state:

In a recent article, you are offering to modify the bolt-lock on certain rifles, including the Model 700, so they could be unloaded with the manual safety being in the "safe" position. It mentioned a \$20 charge plus shipping and handling. Can this modification be made by an approved Remington dealer/gunsmith rather than sending the rifle to the factory?
