Dear Mr. Hoppel,
Thank you for your inquiry. Your Model 600 & 660 are included in our recall and Safety Modification Program. We strongly recommend that you take advantage of this offer.

You can read more information regarding our firearms and our Safety Modification program through the front page of our website or the link below:

http://www.remington.com/safety_modification_program/remington_safety.htm

The safe use and performance of your firearm depends on correct assembly and routine maintenance, as well as adherence to the "10 Commandments of Firearm Safety." <http://www.remington.com/support/10comm.htm> It is critical that you familiarize yourself with the information in both the owners manual and safety booklet. Whether you are a veteran shooter with a collection of Remington firearms, or a first time shooter, take the time to review this important literature and be certain that you are practicing firearm safety!

If you have any questions, please feel free to contact us at 1-800-243-9700 or 1-877-387-6691.

Hello, I have two 350 magnums and there was a recall on both of them. It involved getting a bolt lock equipped on the guns because there is no safety. I had the 600 model trigger replaced about 4 years ago but I am not aware if it was replaced with a bolt lock. I have tried your toll free line but it has always been busy. So, could you please get back to me on getting bolt locks on the two guns. The article on this subject said I had until September to get this replacement. Thank you for your time.
