Dear Mr. Osborn,
Thank you for your inquiry. If your firearm has the bolt lock safety, we strongly recommend that you have it changed to a non bolt lock safety by a Remington Authorized Repair Center or our factory. If you are not sure what style safety that you have, you can call us at 1-877-387-6691 or 1-800-243-9700.

You can locate your nearest repair center by visiting the Repair Information Center in our Support Section and selecting your model and state:

Does this rifle require a modification so that the safety works? I understand there was a problem with some Remington 700 and there is a recommended modification.

If there is a modification required where do you suggest I take it. I live in Neosho Mo. and I beleive Bickfords Gun Shop in Oronogo Mo. is one of your authorized repair cenaters.

This is a 7mm Mag.

Thanks
Jim Osborn
