Dear Mr. Avery,

Thank you for your inquiry. Unfortunately we do not offer any bullets as a separate component.

We want to make you aware of a Safety Modification Program that we are offering on these rifles. You can read more details regarding this program through the front page of our website or through the link below:

I am trying to find out where I can find Remington 6 mm bullets or if you still make them. I own a Remington 6 mm and I am having trouble locating bullets for it.
