Dear Mr. Lively,  
Thank you for contacting Remington Country. Your Model 700 was produced in Feb. 1990. Your rifle should be sent to our factory for inspection of the sear safety cam.

For U.S. repairs, please follow these guidelines:

1. Record the serial number of your firearm before sending it to us.
2. Pack your firearm for safety and to prevent further damage in shipping and handling. Preferably, ship in a firearm box, not a hardcase.
3. Remove all accessories from your firearm to prevent loss or damage. This would include scope, slings, or extra choke tubes.
4. Enclose a letter with the firearm detailing the model name or number of your firearm and serial number along with a full description of the problem. Be sure to include your full name and address (P.O. Box and Street Address), including zip code, daytime telephone number, and e-mail address.
5. Ship your firearm by either United Parcel Service (UPS) or Parcel Post (US Post Office). Remington is not responsible for damage or loss during shipment, so you may elect to purchase insurance from your carrier. Customer is responsible for shipping charges to the factory.

For U.S. repairs only, ship to:

Remington Arms Company, Inc.  
Attn: Arms Services Division/Repairs  
14 Hoefler Avenue  
Ilion, NY 13357

WARNING: DO NOT SEND LIVE OR SPENT SHELLS IN YOUR FIREARM OR IN THE SAME BOX WITH THE FIREARM. THIS IS A VIOLATION OF FEDERAL LAW. IF YOU FEEL YOU MUST SEND SPENT SHELLS PLEASE SEND THEM IN A SEPARATE PACKAGE AND INCLUDE NAME, ADDRESS (WITH ZIP CODE), TELEPHONE AND MODEL AND SERIAL NUMBER OF YOUR FIREARM.

If you have any questions as to the warranty on Remington firearms, please refer to our <a href="http://www.remington.com/support/warranty.htm" target="\_blank">Firearms Warranty </a>.

Due to the many variables involved with valuation, we would encourage you to refer to the many publications that are available on the subject of gun values or have it appraised by a collector. Many of these books are available through public libraries or local bookstores. For your convenience we have provided a listing of the more popular books:

Q1. What date was this rifle manufactured?

Q2. Are there any safety recalls for this rifle I need to be aware of?

Q3. What is this rifle worth in good condition w/o a scope?

Thanks for your time. R/R. Lively
