Dear Mr. LaHaise,
Thank you for contacting Remington Country. We suggest taking or sending your firearm to a Remington Authorized Repair Center for evaluation and replacement parts.

You can locate your nearest repair center by visiting the Repair Information Center in our Support Section and selecting your model and state:

<http://www.remington.com/repairsvc/ModelSelection.asp>

To view more information on this safety message, go to:

I have a 600 Rem that requires the trigger replacement to allow the bolt to open while in the safe position.

I am located in New Brunswick Canada and would like to know if I can have the part shipped to my local gun dealer? (they provide full line gunsmithing services)

If the parts cannot be sent please provide me with a list of authorised repair facilities.
