Thank you for your inquiry. We have checked the serial number that you provided. There are no call backs on your rifle at all.

My police department has a model 700 sniper rifle serial#C6528290. I have been told there was a recall due to a problem with the the safety lever. Can you please confirm this and whether our rifle is affected by this recall.

Thank you,  
Sgt. Charles J. Zadroga
