Dear Mr. Ares,

Thank you for your patience. If you will forward the serial number we will check this rifle specifically for possible recall.

To view information available on this model and the recall details, go to:

I have located a model 660 rifle in 98% condition according to the Remington dealer that I do business with.

Can you tell me if this model 660 has ever had a mqnufcturing recall?

Is this a youth model or a early " guide gun " model?

Thank You

Joe Ares
