

recall on model 600 and 660

Discussion Thread

Response (Chris)
Dear Mr. Boharski,

5/12/2005 12:32:29 PM

Thank you for contacting Remington Country. Your Model 660 and 600 should be inspected for a trigger recall. We suggest taking or sending your firearm to a Remington Authorized Repair Center or our factory for evaluation.

You can locate your nearest repair center by visiting the Repair Information Center in our Support Section and selecting your model and state:

<http://www.remington.com/repairsvc/Modelselection.asp>

I own a Remington model 600 centerfire rifle and a Remington model 660 centerfire rifle and I read on your website that there was a recall on both of these guns. Neither of them have ever been serviced under this recall. I would like to know if I am still able to send them in and have the bolt-lock safety mechanism taken out at no charge. Please contact me with more info

Thanks,

Ryan Boharski
