Dear Andrew,

Thank you for your inquiry. If you would like to have the bolt-lock removed from your rifle---a Remington Repair Center in your state can do that for a charge of \$20. Those businesses are listed below.

Upper Missouri Trading Co. Inc.  
304 Harold St. Box 100  
Crofton, NE 68730  
Phone: 402-388-4844

Outdoor Sports  
520 West "B" St.  
McCook, NE 69001  
Phone: 308-345-1250

If your rifle is firing when the safety is removed---please send the Complete rifle to Product Services at our factory in Ilion, NY. The link below will allow you to print out the Factory Repair Instructions.

I own a older BDL in 7MM Magnum. Have you initiated a fix for the problem of the unsafe problem of the rifle firing when the saftey is taken off to open the bolt in order to remove a live round from the chamber?
