Thank you for your inquiry. Your Model 660 was produced in 1968 and should be inspected for a trigger recall. We suggest taking or sending your firearm to a Remington Authorized Repair Center or our factory for evaluation.

You can locate your nearest repair center by visiting the Repair Information Center in our Support Section and selecting your model and state:

We were informed that there was a recall on the Remington .243 Rifle Model #660 we were wondering if you could provide us with any information on this...
