Thank you for visiting Remington Country! We certainly appreciate you taking the time to write in with your question. This information is found on page 8 of your owner's manual. The following is the procedure to remove the bolt assembly:

1. Point the firearm in a safe position.
2. Put the safety mechanism in the "S" position.
3. Do not touch the trigger while moving the safety mechanism.
4. Raise the bolt handle.
5. Pull the bolt handle all the way back.
6. Push bolt stop release in trigger guard.
7. Slide the bolt assembly from the firearm.

Should you have additional questions, please feel free to contact our Consumer Services Department at 800-243-9700, 9:00 am - 5:00 pm, EST, Monday through Friday.
