Dear Mr. White,

Thank you for your patience. This rifle was produced in 1966. Your firearm has not been involved in a recall. Your rifle was originally installed with a bolt-lock, which means you have to put the safety switch on fire before you can open the bolt. We are offering a conversion at a special price if you would like your firearm converted, so that you can open the bolt at anytime with the safety on safe. To view more details regarding this modification, go to:

[http://www.remington.com/Safety\\_Modification\\_Program/remington\\_safety.htm](http://www.remington.com/Safety_Modification_Program/remington_safety.htm)

You can locate your nearest repair center by visiting the Repair Information Center in our Support Section and selecting your model and state:

My wife inherited a Model 700 30-06. I would like to know when it was made and if any recalls on this rifle.
