Dear Robert,

Welcome to Remington Country!

We have ordered the owner's manual for your firearm. Please allow 1-2 weeks for delivery.

We have included information regarding the Mohawk 600:

http://www.remington.com/safety/safety_center/safety_modification_program/models_600_&_660.asp

As with any used firearm, we would strongly recommend you have the firearm serviced and evaluated by a competent gunsmith for function and safety. We feel it is imperative you know the exact condition of your firearm prior to shooting. Please review our "Safety" section at the following link.

If you are not aware of a gunsmith in your area, please feel free to contact one of our RARC's found in the Support/Repair section of our website or the following link:

Have a happy holiday season!

How can I get an owners manual for my Mohawk model 600? Is it on your website? Can I download it?
