Guys;

Before Steve and I spend a great deal of time on schedules and commitments I thought it wise to try to determine what projects might be considered major.

Reviewing my last program budget I have come up with the following, to kick start our discussion:

Centerfire:

- \* Fluted Firing Pin
- \* M/700 New Fire Control
- \* New Auto Rifle
- \* New Bolt Action Rifle
- \* M/710 Short Action (Mayfield)

Shotgun:

- \* 105 CTi
- \* M/332 20 gauge

Of these of course the 105 CTi schedule is already well committed.

Any thing to add or subtract.

Lets try to talk tomorrow when John is back.

Thanks,

DDD
