Ilion

When the Company makes a decision to move Ilion, we are required to notify under Federal Law

Currently we are in the discovery mode and not subject to notification

Status

- Defining the future state

- Benefits

- Workrules

- # of plants

- Wage rates

- State incentives (outside New York)

- Exploratory surgery

- Quasi secret

- Learn what is possible

Illion

- Define point of indifference

- Stay or 60

- We will stay if we can get X, Y, Z...

we will leave if we cannot

- We are not in this process trying to lay out the engineering of a new plant.

Sales Force Reorganization

- **Current Status**

- Multi bag Rep group
- Salesmen are salaried. Principal is commissioned
- Largely unfocused due to multiple lines

- High cost — 2005 — \$7.0M

- **New Structure**

- Remington exclusive sales force
- Salary + bonus (margin, volume, MBO) + expenses

Sales Force Reorganization

- **First region — Northeast — 9/1/05**

- Pittsburgh next to Dick's
- Regional plus four Reps
- Current cost \$1.5M, new cost \$700K-\$800K

- **Second region — Midwest — 4/2006**

- Columbia/Missouri based regional manager
- 4 salesmen
- Current cost \$2.0M, future cost \$700K-\$800K

- **Third region — Southeast - Fall 2006 / Winter 2007**

West Coast — Current Rep group to remain in place

Walmart

- Trends are as strong as reported in May.
Up double digits in all segments
- Solid Fall on tap

Other Critical Issues

Firearms (cost – pricing)

- May 1, 2005 increase has held; value \$1.3M

- Steel softened mildly

- 2006 increases to customers under review

Ammunition

- Two price increases in 2005 have held

- Total value versus Budget + \$3.0M

- Plan 6% increase in 2006 (value \$11.4M)

- Across the board

Materials

- Lead softened

- Copper still strong

- Resins still strong

Industry Issues

Industry Issues

- July 29, 2005 – Senate passed S. 397, the "Protection of Lawful Commerce in Arms Act" by a vote of 65-32
- Provides for immunity from prosecution or suit in cases alleging liability for the criminal misuse of a firearm
- Goes to conference in September
- Bullet serialization
 - California Attorney General Bill Lockyer withdrew this initiative in mid July 2005

Clay Targets

- No progress to report in alternative suppliers
- Plant idling to occur on August 19
- Preliminary view on 2006 (Findlay only) versus 2005

Industry Sales and Marketing Issues	
• Ruger	
• Stock up to \$10.89 from mid \$6.00 range on news of S.397 passage	
• Quarter ending June 30, 2005	
• Sales up 4%	
• Net loss of \$2,000 versus loss of \$461,000	
• Marlin	
• Currently for sale	
• \$60M Revenues	
• 2004 Gross Margins 16.8% (LTM 3/31/05 18%)	
• 2004 EBITDA 3.3% (LTM 3/31/05 4.4%)	
• Produce 406,000 units	
52,000 Lever Rifles	112,000 Single Shot Shotguns
68,000 Semiauto Rifles	98,000 Bolt Rifles
	76,000 Single Shot Rifles

Industry Sales and Marketing Issues

- Of note - Marlin notes:
 - Increased offshore competition
 - Increased seasonal compression
 - Increased inventory pressure on manufacturers
 - Import strategy from China, etc. with 20% margins. Currently 2% of revenue, growing to 8% in 2005
 - China
 - Turkey
 - Italy
- Winchester - Federal
 - Winchester remains price disciplined
 - Federal less so

Winchester Second Quarter

Winchester 2005 second quarter sales were \$80.4M versus \$70.5M in the second quarter of 2004. The increase reflects higher Law Enforcement and Military sales. Commercial sales in the quarter were below 2004 levels. Winchester generated breakeven results in the quarter versus a profit of \$3.0M in the second quarter of 2004 due to higher manufacturing and material cost including commodity metals which more than offset the impact of increased volume and increased prices to commercial customers.
