Subject: RE: Certificate for 700 SPS attached along with jpeg for Lisa

Certificate is correct for Model 700 SPS (not LSS as stated below) and the image is correct, though labeled incorrectly as LSS. I have attached the press release from which Lisa can pull information for the newsletter write-up.

Suggested retail price for rifle is \$520 and for the ammunition, approx value is \$115.

Please do contact Karen regarding a scope donation as we will be partnering with Kahles for the shooting event as well.

Thanks,

Linda

Subject: Firearm for SEOPA Auction

Linda,

Hope things are well with you. It goes without saying but we appreciate your and Remington's offer of a firearm for the SEOPA auction. The dates of the SEOPA Conference in Morgan City, LA are Oct. 5-8. You asked us to pick either a rifle or shotgun and we would like to auction the rifle Model 700 SPS. I'm not sure what we traditionally have in hand when we auction a firearm but we can produce our own card, or if you have a certificate that we provide to the high bidder. I do want to find out what the normal retail value is of the rifle to help us set the minimum starting bid. Also, does the rifle come with a scope? If not, do you mind if I contact Karen Lutto to see if Kahles will throw in a scope as a part of the package?

One last thing- Lisa Snuggs needs a jpg of the rifle for a brief write-up for the next SEOPA newsletter.

Thanks again,

Stan Kirkland
