Hi Jeff,

Thanks for your interest in Remington products. I would like to feature our new line of value priced bolt action rifles – the Model 700 SPS (Special Purpose Synthetic). I have attached the press release – note there are several versions including a Youth model. Should you need photos or additional information, please do not hesitate to contact our office.

Best regards,

Linda Powell

Hi Linda,

Our good friends at Brothers suggested that I contact you in regards to a firearm roundup that I am writing for the September/October issue of Heartland USA Magazine.

If you would like to submit a Remington product of your choosing, I will put it into the mix. What I need is a 75 word, Word document sent to me and an image --JPEG sent to [tcostello@usthq.com](mailto:tcostello@usthq.com). This feature will be read by 1.2 million Heartland USA households this fall. If I can answer any questions or be of help in any way please don't hesitate to call.

Hi Jeff -

Hope all is well.

Thank you for thinking of us in regards to Remington, but they handle their PR in-house. I'm sure they'd love to participate in your firearms roundup though, so please redirect your request to Linda Powell at Remington, [linda.powell@remington.com](mailto:linda.powell@remington.com).

Hope to see you at ICAST. If you don't have it down yet, Zebco press luncheon is Wednesday, July 20, noon ? 1, Room N250.

Please join us.

Best,

Gary
