The F109609 is for the Express guns. You will need part number F97642 (\$2.61) Sear Spring Heavy, and F17415 (\$1.74) carrier dog spring Heavy to convert these to Police grade trigger assemblies.

Thanks,
Ken

Ken: Are the 109609 trigger groups out of Express guns? Customer is asking for "Police Magnum version", right hand eject, left hand safety - but if they are unavailable, we will accept express models". They are also saying that they want groups upgraded with HG, LE, carrier dog and sear springs but they are ordering them as individual item and will install themselves. If you can would you tell me which controls you have and our cost .
Thanks -
Chuck Grubin.
