Can you send two to the following?

I recently had two 700 bdl rifles worked on at Franklins Guns in Athens, GA as part of the safety modifications to the safety/bolt lock issue. When I picked them up they stated that they thought that the coupons were no longer given out and that if they were I would have to contact you to get them. I paid the \$20 each as required and the repairs were made as requested (I guess they are alright as I have not fired them yet). They seem to work as stated. If the \$20 coupons are no longer issued, please let me know. Thank you for the opportunity to have these modifications done as safety is very important to me and those who I shood with.

I have several Remington rifles as well as shotguns. My uncle hunted with Remington and started me out before I started to school with a model 510 22 single shot. The first shotgun I ever shot was a model 11 humpback 20 ga.

Thank you
