Subject: April 04 PTM Agenda

My part is complete. Considering the amount of material we have to cover and our schedule on Thursday, I would recommend that you have Steve P. round up all the key participants for the "meat" of the meeting and lets get started Wed. afternoon when we get to the plant and work for a good 3-4 hours. Maybe have pizza or something brought in. Otherwise, we are not going to get through all we need to on Thursday. Let Danny know that is our plan and see if Matt G. is coming (I doubt it).

JT
