Kingsland, GA 31548

Dear Mr. Kaplon,

Thank you for contacting Remington Country. Your Model 700 was manufactured in 1992. Remington is offering a safety modification program to remove the bolt-lock mechanism from certain Remington bolt-action centerfire firearms made prior to March, 1982. (Post-1982 bolt-action firearms were not manufactured with bolt-lock mechanisms). Model rifles made after March 1982 do not have a bolt-lock mechanism and may be loaded and unloaded with the safety in the "S" or "On Safe" position. Consequently, post-1982 Model 700 rifles are not subject to this bolt-lock Safety Modification Program.

If you have any further questions, please call 800-243-9700, or visit us at www.remington.com.

Sincerely,

Christy Mitchell
