Dan Slack had laid down his Model 700 rifle on his 4 wheeler. When he moved the safety from safe to fire, the gun discharged causing damage to the 4wheeler. We could not duplicate concern but offered to replace trigger to restore faith in rifle. Agreement was made to split cost of repairs to 4wheeler. We paid $215.

Thomas Frye purchased a Model 700 through Walmart. The gun discharged when he closed the bolt and the safety was then stuck. A piece of skin was removed on his right thumb. He did not seek medical attention. He returned the rifle to Walmart and they replaced it for him due to the injury and his belligerence. Walmart has since returned the rifle to Remington for replacement.

Legal Cases Worked on this Period:

Ammo Cases:

None

Firearm Cases:

Williams v.Remington Fred Supry has been working with Dale Wills on this case.

Ammo Pre-litigation concerns worked on this period:

REDACTED

Kevin Garcia-Kevin was hunting from his vehicle, he laid his Winchester Model 70 across his chest (it was loaded). The gun went off. He had ringing in his ears and injuries to his face and hand. He had the gun looked at by two gunsmiths who left the casing still in the bbl. they both thought it was an overloaded round (7mm STW) that caused this. His gunsmith called me and is sending the firearm to Winchester for evaluation. A shipping label has been sent to retrieve the ammunition.

Firearms Pre-litigation concerns worked on this period:

REDACTED

Art McElhaney- Art has a Model 700. The gun did not appear to be functioning properly. He took it back to his garage. While it was still loaded, he opened and closed the bolt, the firearm went off and shot a hole through his house. We found that the trigger screws had been adjusted.

Scott Howland-Scott had his firearm loaded in the house. He took it off safety and the gun went off. It grazed his dog in the hindquarters and put a hole in the tile floor. He has read a lot of information online about our Safety Modification Program and noted he has read some information online by Rich Miller. He would like us to cover the vet bill for his dog for approximately $200. We have not yet received the firearm for evaluation.

REDACTED

Other Pre-litigation concerns worked on this period:

Scott Howland-Scott had his firearm loaded in the house. He took it off safety and the gun went off. It grazed his dog in the hindquarters and put a hole in the tile floor. He has read a lot of information online about our Safety Modification Program and noted he has read some information online by Rich Miller. He would like us to cover the vet bill for his dog for approximately $200. We are waiting for copies of vet bills.

REDACTED

Thomas Frye/Walmart claim- Claim was sent in back in November. Firearm discharged and customer did not feel safe with it. Firearm was replaced and letter sent to Walmart Claims Management.

Firearms Pre-litigation concerns worked on this period:

REDACTED

Claude McAlhany- Claims his M/700 had a delayed fire when he released the safety. Gun jumped and claims it hit his teeth and cracked them. Could not substantiate tooth claim. Agreed to replace firearm with a different model.

REDACTED

Nathan Freeman- M/700 barrel split while using Winchester ammunition. Customer is claiming medical, lost wages, firearm replacement and compensation. Winchester has evaluated rifle and claims no responsibility. We determined the cause to be a barrel obstruction. Offered replacement firearm as goodwill gesture. Customer want firearm returned, a statement of our findings and will pursue Winchester for damages.

Paul Cousino-M/770 damaged and finger hurt while propping gun against a tree limb. He spoke to a lawyer and is requesting we exchange rifle for a different model.

Firearms Pre-litigation concerns worked on this period:

Chris Nohr – Model 700 .204 Ruger, Ser # S6632762 – Mr. Nohr injured eye after he alleges that it back fired blowing gun powder and gases back into his face. He did visit the hospital and is asking for compensation for medical bills related, cost to transport the rifle back to the dealer and ammunition fired. The incident shell was a non-Remington shell. Damage was from slightly elevated pressure of the fired shell locking the gun up. We are shipping the rifle to Winchester per Fred Roth.

Roland Garcia – Model 770 7mm Rem Mag - Claim from CMI states claimant alleges that the barrel of gun exploded after the first shot. Mr. Garcia's employer, Ronald Waddell, is an attorney and has requested that we replace the rifle for Mr. Garcia at no charge. He claims that the WalMart sales person did not check inside the barrel before selling it to Garcia and told Garcia that it was bore-sighted and ready to shoot. Garcia took it out same day and shot it for the first time without inspecting the barrel for obstructions. Waddell also mentioned that we advertise this model showing it taken out of the box new, without inspection of the barrel, and shooting it with great accuracy. A pre-paid shipping label was sent to Waddell.

Firearms Pre-litigation concerns worked on this period:

Tracy Moore – Model 700. Tracy Moore called stating he was shooting Remington 140 gr Ballistic Tip ammunition when his Model 700 barrel exploded. He opened the bolt and ejected the shell and did not keep the incident shell. He does not have the box or the remaining ammo. He gave the remaining ammo to his father and didn't know if he could get it back. Alleges he has a lawyer and wants to sue us. We asked that his lawyer contact us. Someone with the same background noise and voice as Mr. Moore called back within 10 minutes and said they were Mr. Moore's lawyer. He provided an address and phone number of his office so that we could send a label for shipping.

John Mannon – Remington 700 .308 Win - 3/8/10 John Mannon called. He stated that his rifle fired when taken off Safe and the bullet damaged his father's garage & the 4-wheeler inside the garage. No estimate on the cost of the damage yet. He did speak to an attorney about the incident & the attorney told him that he could have a lawsuit. To my knowledege - no pictures or video were taken by the attorney. Customer did not state that he retained the attorney. Mr. Mannon took the rifle back to Dick's Sporting Goods in Barboursville, WV on 3/5/10 and returned it. The store gave him another new gun in exchange. I contacted the store & spoke to Al Rigsby - they still have the gun & I will have it come to Product Service in Ilion for exam. 4/8/10: Spoke with Rhonda Bradley @ store. She stated that the customer called her & said they had filed a claim against Remington for the damaged to garage & 4-wheeler. We have never received an estimate of damages or pictures from the customer.

John Mannon, Subject# 4416 – Remington 700 .308 Win - 3/8/10 John Mannon called. He stated that his rifle fired when taken off Safe and the bullet damaged his father's garage & the 4-wheeler inside the garage. No estimate on the cost of the damage yet. He did speak to an attorney about the incident & the attorney told him that he could have a lawsuit. To my knowledege - no pictures or video were taken by the attorney. Customer did not state that he retained the attorney. Mr. Mannon took the rifle back to Dick's Sporting Goods in Barboursville, WV on 3/5/10 and returned it. The store gave him another new gun in exchange. I contacted the store & spoke to Al Rigsby - they still have the gun & I will have it come to Product Service in Ilion for exam. 4/8/10: Spoke with Rhonda Bradley @ store. She stated that the customer called her & said they had filed a claim against Remington for the damaged to garage & 4-wheeler. We have never received an estimate of damages or pictures from the customer. 4/12/10: RGA# 60066828 issued to Dicks Sptg Gds. Sent Fred S. an email w/update. I called John Mannon & told him that we could not duplicate concern but were still investigating. Asked him to fax over detailed info on the incident & circumstances surrounding it along with estimates or charges for repairs. He stated that he would do that & wrote down my fax #. dmf
