

Dear Mr. Armfield:

This is in reply to your recent letter involving the difficulties you've experienced with your Model 600 rifle, serial # 75093.

As we've never heard of a Remington gun firing spontaneously without manipulation of any mechanism, we are very much interested in examining your rifle. ~~However,~~

However, we are currently ^{conducting} ~~interested in~~ a trigger replacement program for certain ^{concerned} ~~affected~~ lots of Model 600 series firearms. This program has been nationally advertised over a period of years and ~~too~~ involves complete fire assembly replacement for these guns at no charge.

Therefore, we ask that you please package your Model 600 and send it via United Parcel Service, Transportation C.O.D., to:
