Remington Arms Co Inc

Ellis N.Y.

Service Dept:

Sirs:

Enclosed please find one rifle model 700, 308 win
serial # A6605362. I am returning this rifle to you for warranty
service at the request of my customer and on the advice of your
service dept. The customer complained of accidental discharge
of weapon upon loading as the bolt was put in battery.

This customer is an experienced and knowledgeable
shooter and the incident left him with a mistrust for this
weapon. He asked that I express to you his desire for both
an explanation of what occurred including which parts may
be at fault and your assurance that necessary repairs will
preclude the recurrence of accidental discharge.

Please advise me of all required and full repairs

Thank you

Alan Kirsch
