J.S.

I received your letter of notice of recall of my
XP-100 sometime around May 1, 1979.

Please excuse my lack of action. Somehow
typical with my normal routine, I misplaced
your letter through 2 moves.

I found it today while looking through records
for my 1984 IRS information. Don't ask, I don't
know how it got in tax information!

Are you still replacing the trigger assembly?
If so is the divn, New York address correct?

I have serial # 750315 XP-100 which has
not been fired since early 1976.

Thank you very much for your time and
trouble.
