Dear Mr. Potter:

Before I talk about the great job your company did on my 243. Win Caliber Remington rifle. I would like to talk about my first rifle. Which was a Boys #6 rifle. Which is still here and hang on my wall. But it bring back a lot of fond memories. My before I got it I hunt with a home made sling shot. Then I went to the daisy #6 gun. Then to Remington Boys #6. It was about 1937 or 1938 that my mother bought it for my Christmas present. I was so happy I went to go hunting on Christmas day but my mother didn't let me. I got up early the day after Christmas I took along with me my little german shepherd hunting dog. I was at the tree trunk. I was a mile away from home under a large live oak tree and I look up. There was a large circle of Spanish moss. I shot in it and to my surprise a very large racoon fell out about 50' to the ground. It look at me and start to walk away. I cock the rifle and pull down the
