		Dear Dennis		
		Enclosed find one Rem 600		
		# 316.55.		
		This was involved in a		
		serious mishap. We are trying to		
		find a cause. It is pronounced that		
		the owner, had a Rem 600 go off, into		
		a powder storage compartment. This		
		caused a huge explosion that killed		
		the owner of this gun. Please look in		
		and try to determine if this could		
		have gone off by working the safety		
		this has not been sent in on the		
		recall. The Hartford Police are		
		waiting for your call. Contact		
		Capt. Timothy Rich - 1-802-295-9425 - as he		
		is in charge of the case.		
		I would like an estimate on the		
		repair of this gun to put it back		
		to shooting condition.		
		Thank You
