

11/25/88

I have read the letter to
your company regarding
the model 700 - 7mm rifle.
I feel this rifle is unsafe
and dangerous to use.
My experience with the
use of this rifle is as
stated in the original
letter signed by G. Allen
Davis Jr.

Carlton Davis 11/25/88

I read the letter to your Company
written to Remington Arms from
my son. I found this rifle to
be unsafe to the point I would
not use it again, as it seems to
fire at will when loaded, unloaded
and just taking off the safety. It is
a random happening, but in my
opinion makes the Rifle unsafe for
use. I have a model 700 7mm rifle
which was bought at the same
