

spect, we are prepared to return the firearm to you as is. However, as a gesture of good-will, and as you seem to imply in your letter, we will, if you so desire and it will restore confidence in the firearm, install a new trigger assembly without the bolt lock. This will be done at no charge to you.

If this meets with your approval, please contact us at your earliest convenience. Address your reply to the attention of J.A. Stekl. He will promptly comply with your choice.

Thank you for affording us the opportunity to examine your rifle and report our findings.

Sincerely,

R.L. St. John
