

Dear Sir:

My name is ~~Todd~~ Todd Bright and I work at  
Dunn's Sporting Goods Inc. in Paducah, Ky.  
I am sending a gun I personally own  
to you to look at. The gun is a Remington  
788 22-250. I had the gun to go off on me  
while hunting last year. I had decided this  
year to relube the gun when I found out  
why it ~~it~~ went off. With the gun cocked and  
on safety if you will put any pressure on the  
trigger ~~it~~ and then push the safety on fire  
it will go off. I would appreciate your help  
in straightening this matter up. I can be reached  
at (502) 443-2144 during the day. Thank you for  
your time.

Sincerely,

TODD BRIGHT
