Attn: Jim Stahl.

Please find enclosed in this Guard Case,
1 Remington rifle, Model 700, 25.06 Caliber
Serial number 6326611 with
Redfield 4x Scope Attached.

I am returning this rifle for repair
and/or replacement of parts concerning
the safety/trigger mechanism.

This rifle has fired accidentally 2
times while moving the safety
switch from ~~on~~ position to the fire
position while attempting to unload
the rifle. Fortunately no one else was
around so that no one got hurt.

I am very satisfied with the rifle and
am considering the purchase of another
Remington Arms rifle. But, the safety
situation has me concerned.

Your utmost expediency would be appreciated
Sincerely,
James H. Dziengel
