When 1968 Gun follows down as need, initiate trigger pull. Removed stock, action glass bedded, bottom of Receiver rust and pitted, all three trigger adjusting screws have been altered outside of factory. Seal had glue like substance on both sides. Exchange trigger assy. at special price as gesture of good will. We do not recommend that the trigger be adjusted outside of the factory.

REPAIRS COMMENTS
Trigger pull measured @ 10 to 12 lbs as need.
Safety lever catches in bolt area spor at times
Bolt release sticks due to gummy type lubrication
