

REM ARMS Product
SERVICE DEPT

DEAR Mr ROGER POTTER
I AM RETURNING MY REM MOD 700 BDL 7MM MAG
RIFLE to you BECAUSE I AM HAVING SOME
OF THE SAME PROBLEMS WITH THIS ONE THAT
I DID WITH THE OTHER RIFLE I HAD, YOU
SENT ME MY NEW RIFLE LAST FALL WHICH I
DID NOT GET TO USE BECAUSE IT WAS NOT
SENT IN TIME FOR ELK HUNTING AT THE END
OF OCT LAST YEAR. THIS YEAR WHEN I TOOK
IT ELK HUNTING I HAD A LOT OF TROUBLE WITH
THE BOLT DROPPING THE LOADED FACTORY ROUNDS
WHICH WERE REM CORE LOCKS, WHEN I WOULD
GO TO EJECT THE ROUND OUT OF THE CHAMBER
MORE SO IN COLD WEATHER, THE ROUND WOULD
SLIDE BACK INTO THE CHAMBER. ONE OF THE
OTHER PROBLEMS THAT I AM HAVING IS THE
BOLT RELEASE IT DOES NOT ALWAYS LOCK BACK
IN WHEN YOU PUT THE BOLT BACK IN

THE STOCK ON THE RIFLE IS STILL NOT UP
TO THE QUALITY OF OTHER RIFLE MANUFACTURERS
OUT THERE, MY BROWNING GUNS HAVE NO PITS
IN THE FINISH AT ALL THEY LOOK LIKE MIRRORS
THAT ARE CRYSTAL CLEAR.
