		<p>Gentlemen Enclosed is a customers rifle Remington 700 BDL Cal. 270 special no. A6292754. The customer says he pulls the trigger but the gun will not go off all the time, but will fire when he goes to set it down. Would you please check the gun over completely and return it to us when repacked. We would appreciate anything you could do to expedite this return. Thank you George M. Bartelmay</p>
