

11/12/90 4:00 p.m. - Called Mr. H. & left message on his answering machine to call me. 11/13 - Mr. H. called back & I returned call to his ans. machine @ 1:53.

2:30 - Said talked w/ atty. He has a wife & a son who would use the gun. 'I' doesn't trust gun & wants rifle replaced per atty.

3:00 11/13 → ~~Mr. H.~~ Told Mr. H. (per DTS) that we reserve right to examine gun prior to any resolution. He stated that he must follow his atty's recommendation that ~~we~~ either we send a Rem rep to Corpus Christi to examine gun or let our Rec. gunsmith in Corpus look at it & advise him & Rem. (Thinks gun may get lost in transit. to Rem.).

11/14/90^{3:10 P.M.} I called Mr. H. and stated that it so happens that a Sr. Rem. Research engineer ~~is~~ may be in the Texas area w/in 1 or two weeks ~~and would be~~ on other business & would try to dovetail to Corpus to oblige his request that the gun be examined there. Mr. H. thanked me and said the sooner the better as hunting season opened.

NOTE - on 11/14/90 - gave original file (records of conversations all on 1 record) to Jim Hutton for his info.
