STOMER'S REQUEST ".... fired unexpectedly as the customer was unloading the chamber".

IN FAULT No fault found. Rifle functions normally in every aspect - could not duplicate complaint. Trigger pull 4 1/2 pounds; rear-lift could not be checked because scope is mounted.

ITS Rifle can be returned as-is or, offer to replace trigger assembly at 5 normal cost, as a gesture of good-will, if it will better restore confidence in the rifle.
