Dear Mr. Stekle,

This note is in regard to our phone conversation on 9/7/88. I am listing the items to be replaced and checked:

- (1) Check the trigger mechanism; replace if faulty
- (2) Replace safety mechanism with new type safety, you stated my gun was a pre-1984 model (purchased new Oct. 1987) and it has the old type safety.

I would appreciate your prompt attention to this matter, as you said I should receive the gun back in time for hunting season which opens Nov.5, 1988.

Thank You,

Bill Koder
