CARMS & ANGELING, KEN BITNEY, APPLETON, WIS.-
THE NEXT CLOSEST ONE WOULD BE ANOTHER
HOURS DRIVE AND I DECIDED TO RETURN
HOME.

I AM SENDING YOU THE RIFLES VIA
UPS AND HOPE THAT YOU WILL BE
ABLE TO SOLVE THE PROBLEM.

PLEASE DO NOT RETURN THEM WITHOUT
FIRST TESTING THEM AFTER BEING STORED
SEVERAL HOURS IN THE COCKED POSITION
AT 0° F. OR COLDER.

IF YOU SHOULD FIND IT MOST EFFECTIVE
TO JUST REPLACE THE RIFLES PLEASE DO
NOT DO SO FOR THE 222 REM &
.25-06 AS I HAVE DEVELOPED HAND
LOADS THAT GROUP AT $\frac{1}{2}$ MIN OF ANGLE
FOR THE 222 AND $\frac{3}{4}$ " FOR THE .25-06
AT 100 YDS

IF YOU REQUIRE SAMPLES OF THE
MISS FIRE AMMO I HAVE BOTH FACTORY
AND HAND LOADS AVAILABLE FOR YOUR
EXAMINATION, WITH VARYING AMOUNTS
OF PRIMER DENTING.
