Dear Mr. Stekel,

This letter is in reply to our telephone conversation 1/20/86 concerning the incident with my rifle - Serial No 26207 - 35 Caliber - Model 600, which discharged while in the safe position causing \$184.00 damage to my truck.

Please inspect this rifle thoroughly and make any necessary corrections so that I am totally confident that it can be used safely in the future.

If possible will you please update safe so that bolt can be opened in the safe position.

Thank you.
