Re: Remington Model 700/30-06 Sp.
Ser. # A6884610

Dear Mr. Potter,

I am sending you the firearm enclosed for testing related to the accidental discharge that we visited about earlier this month. I am most interested in the results.

Your prompt attention to this matter is appreciated. We also talked about a conversion of this firearm to a safety on position for opening the bolt. Please make this adjustment at the same time. Enclosed is a check for the amount discussed for this conversion.

Thank you.

Sincerely,

Jeff
