Dear Mr. Perrigo:

Thank you for your letter dated November 08, in which you describe the problems you are having with your ~~77~~, serial #~~609554~~, in the ~~7mm-08~~ caliber, and your Mohawk 600, serial #6392261, in the .243 caliber, firing with no trigger contact.

We suggest that you package both rifles, and send them to us here at the factory for examination and evaluation. You will receive an acknowledgement upon receipt through the mail, and after examination by our Gunsmiths, you will receive a quotation noting the problems and what the cost to repair will be, if any. No work will be done on your guns until we receive a signed copy of the written quotation from you.

When effecting return of these rifles, please tag each one with your name, address and serial number and refer to this letter for identification. Please enclose a brief description of the problems you are having with each gun.

We look forward to being of service to you in the near future.

Sincerely,

Mrs. Coleen Lynch
