Mr. Ed Jay,

Approximately 5 years ago my grandfather "Geng" Medina Sr. sent my cousin Mahan: 600 Serial #. A6602914 Remington gun to have the trigger checked because it was mis firing.

I am again sending the gun to you because the problem has reappeared.

My Uncle Ray Medina spoke to you on the phone regarding this problem.

It was my intention to sell this gun to another individual, but

because of the moral issue of selling an unsafe gun, I can

not at this time sell the gun until the problem of mis firing

has been resolved permanently.

Your attention to this matter will be greatly appreciated.

Thank you
Andrea J. Queiruga
